Celebrating 5 glorious years of pride & excellence

Sri Bijoy Kumar Dhar
President, Managing Committee
Prescientia Senior Secondary School
Hailakandi-788151
Retired Principal, S. S. College, Hailakandi
Retired Principal, Hailakandi Women's College

I have much pleasure to encourage the endeavour taken by few highly educated youths of Hailakandi to establish an ideal senior secondary school (former higher secondary school) in the Science, Arts and Commerce stream at present from the academic session 2020-2021. Secondary education is the key between primary and higher education. A senior secondary stage is of 2 years general education in Arts, Science and Commerce and vocational education. Senior secondary stage is an important stage towards building a career for the fulfilment of ambition of education of student community. Science education needs to strengthen the spirit of creativity, innovative ideas and knowledge of nature. Every effort will be made, I assure, to enable students to discover the relationship of Science with health, agriculture, industry and Commerce with the economic aspects of the nation. I wish every efforts will be made by the organizers to make it to reach vast number of students aspiring for ideal education. I feel proud of being a part of this noble venture. It is time that we spread the message of skill development among our youths in addition to formal education and I hope organizers will leave no stone unturned to achieve this.

At the end I would like to welcome the services to be rendered by the teaching and non teaching staffs and the local people who helped the establishment of the institution..

I wish the venture a grand success.

From Academic Director's Desk

It gives me a great pleasure to invite you to peek into the minds and hearts of team PRESCIENTIA SENIOR SECONDARY SCHOOL (PSSS), who have steeled their resolve to take responsibility of shaping the academic life of your wards. Confucius, the philosopher declared, "If your plan is for a year, grow paddy". "If your plan is for a decade, grow trees". "If your plan is for ages grow man". Taking note of the last line, team PSSS, spear-headed by me, has come forward to play the polygonal role of a friend, philosopher, and guide to direct and mould thoughts and energies of your wards for two consecutive years, i.e., Class XI & XII in the three streams of Science

Arts & Commerce, in such a manner that they become leaders and job creators before followers and job seekers and make them a successful member of a family, a community and the world. We believe that every child is a possibility, the possibility of making this world far better than the earlier ones. The aim of our endeavour would be to make the students aware of those possibilities and unleash the hidden potential in them and chisel them to make the world full of peace makers, healers and restorers. Education has always changed its form to fit into the changing condition of our society but its basic fabric has remained the same all through the years. What is implied is that we are going to teacher our students two things; the basic fabric that would help them to stand as man in the society and second, to learn the skills to cope up with the changing times. We again steel our resolve to teach those traditions which will keep humanity alive, and to erase the time-defeated thoughts.

We, as a team, should also note that, "None of us is as smart as all of us". A student needs to be taught that they are complimentary, both vertically and horizontally. "The citizen we will be training in the class room require a vision that contribute to society as a whole; it cannot be an individualistic vision".

Last but not the least, let me mention few words of caution which is somewhat distorted version of a Confucius saying which I believe will keep us in the right track. In an institution badly governed (by teachers and parents) talents should be ashamed for. In an institution well governed, used-less talents need to be ashamed for. We aspire for your kind cooperation and blessings when we prepare a road map for your wards to navigate the confusing landscape of daily life.

INTRODUCTION TO PRESCIENTIA GROUP OF INSTITUTIONS

‘Prescientia’ is a combination of two words viz. ‘Prescience’ and ‘Scientia’. ‘Prescience’ is an English word meaning the fact of gaining knowledge in advance. ‘Scientia’ meaning ‘knowledge’, is a Latin word from which the word ‘Science’ has been derived.

Prescientia Coaching Centre:

Keeping in view of the necessity of a thorough, effective, modern and advanced education system in the secondary as well as senior secondary level at the heart of Hailakandi town, some young energetic academicians being inspired and motivated by some of their known well wishers, suddenly decided to initiate a coaching institute viz. Prescientia Coaching Centre (PCC) in the year 2015. With a remarkably glorious inaugural function at Hailakandi Women’s College Auditorium, presided over by the then Hon’ble Principal of Hailakandi Women’s College, Sri Bijoy Kumar Dhar, PCC was inaugurated on 8th February, 2020 and practically initiated in a rented building at Shibbari Road, Hailakandi. After one year of financial struggling with very few nos of Higher Secondary students, PCC was shifted to Kalibari Road, Hailakandi in 2016. Along with regular long term and special short term crash courses of HS and competitive exams, PCC has been organizing various academic/ social/ co-curricular activities under Dibakar Trust of Kalibari Road, Hailakandi.

Dedicated and consistent efforts by the faculty as well as students of the institute gradually led this academic initiative a successful one. Students of this coaching centre not only achieved their desired success in Higher Secondary finals but also cracked various prestigious competitive examinations and some got placed in reputed Engineering and Medical colleges of the nation.

Prescientia Senior Secondary School:

After a long wait for 5 years of PCC’s inception, the most awaited dream of establishment of a Senior Secondary School at the heart of Hailakandi, Assam came true. The Provisional Prior Permission letter from Department of Secondary Education (DSE), Assam to initiate the Junior College in the year 2020 was received on 19th March, 2020. Hence, amidst the pathetic situation of prolonged global lockdown due to COVID19 pandemic, *Prescientia Senior Secondary School* (PSSS) of Science & Commerce was established by Dibakar Trust at the same venue of PCC, i.e., Kalibari Road, Hailakandi. Arts stream was initiated in 2023 and in the year 2024 the school’s temporary venue was shifted to Tool Road, Hailakandi. 1st academic session for secondary section (Class IX & X) was also initiated in the same year.

AIMS AND AMBITIONS

- To develop competitive intellectuals with excellent academic career by providing the best possible educational environment.
- To ignite patriotic aspirations in the students’ mind so that the students of the school dream to educate themselves for serving the nation with prestigious responsibilities.
- To train the students to achieve their goals in Competitive Exams.
- To inspire the budding students to possess the contemporary research mentality.
- To explore, extract out and amplify not only the curricular academic talents but also the hidden special extracurricular capabilities of the students.
- To engineer the budding minds with positivity and help them move towards perfection.

SCHOOL UNIFORM

Students must wear school uniform as specified by school authority. If any student, improperly dressed, appears in the school during school hours, then he / she will not be allowed to enter the school premises under any circumstances. However, in this context, a penalty of Rs. 500/- may need to be paid in order to attend the school the other day. Moreover, possessing school bag (to be provided by school authority) daily during school hours and wearing navy blue coloured blazer / sweater during winter season (if winter wear is necessary) is also mandatory.

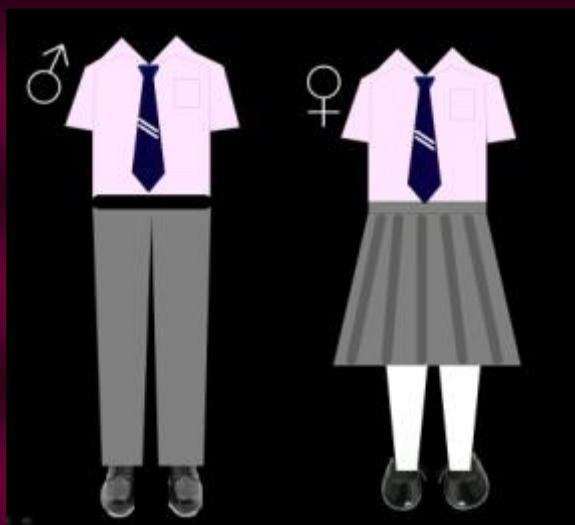

Uniform Specification:

Shirt: Light Purple

Skirt / Pant: Deep Grey

Tie: Navy blue (Differently symbolized for students of each stream)

Socks: White Shoes: Black

ATTENDANCE

A minimum of 75% annual attendance is mandatory to appear in the final board exam. Daily attendance of students in the 1st and last period shall be recorded. If a student's monthly attendance is found to be less than 75%, then he/she must pay a penalty of Rs. 1,000/- at the school office in order to attend classes in the next month. Submission of all assignments / practical note books / project reports within stipulated time and appearance in all the unit tests is mandatory.

IDENTITY CARD

School identity card will be issued to all the admitted students which must be displayed in individuals while present inside the institute. If any student loses the issued identity card, then it must be immediately reported to school office with a written application letter addressing the Principal with a recent stamp size photograph (in school uniform) of the student for issuing a fresh identity card with a penalty of Rs. 100/-.
